

B.K RAJ KUMAR

Web Developer | AI Enthusiast | Fresher

Tamil Nadu, India | vikneshvaren2@gmail.com | +91 9445437069 | <https://vikneshvaren2007.github.io/portfolioclg/>

Personal Summary

I am a motivated Web Developer and AI Enthusiast with hands-on experience building responsive and user-friendly websites using HTML, CSS, JavaScript, Python, and Flask. I focus on creating clean interfaces, practical web solutions, backend functionality, and continuously improving my web development skills. As a fresher, I am eager to apply my technical skills to real-world software projects and learn modern web development practices.

Projects

1. PET NEXA — Pet Care Web Platform:

- Full-Stack Platform:** Developed a pet-care website with services, specialist information, pet shopping, booking management, and order tracking.
- AI Feature:** Added an AI pet-advisor concept for dog and cat related guidance and situational tips.
- Web Experience:** Focused on responsive layouts, practical workflows, and user-friendly navigation across devices.

2. AURELIS-WATCH — Luxury E-commerce Website:

- E-commerce Platform:** Built a luxury watch shopping website with product browsing, customer accounts, and order management.
- Backend Features:** Implemented Flask-based backend functionality, SQLite database integration, and customer order history.
- Order Flow:** Added checkout, order success flow, confirmation emails, and admin-side order details.

3. ROYAL Rose Milk — Brand & Shopping Website:

- Brand Website:** Built a premium rose-milk product website with a strong visual identity and product presentation.
- Interactive Features:** Added product sections, shopping interactions, and animated website sections.
- Responsive Design:** Designed the interface for smooth use across desktop and mobile devices.

Technical Skills

- Frontend:** HTML5, CSS3, JavaScript (ES6+), Responsive Web Design
- Backend:** Python, Flask
- Database:** SQLite
- Version Control:** Git, GitHub
- Tools & Technologies:** VS Code, Git, Antigravity, GitHub
- Other Skills:** Responsive Web Design, UI Development, Forms, API Integration, Deployment, Debugging
- Programming Languages:** Python (Intermediate), JavaScript (Intermediate)

Soft Skills

- Teamwork
- Quick Learning
- Communication
- Time Management
- Adaptability
- Willingness to Learn
